CANCELLATIONS OF FISHING DAYS

The weather and the sea conditions in Guatemala are notoriously calm. It is rare to have to cancel a day of fishing due to weather. Your safety is our primary concern, and any such cancellation is at the sole discretion of the charter boat's Captain. Should the Captain cancel due to weather, you will receive a refund, based upon that boat's full day charter fee. If the Captain decides that the weather and sea conditions are suitable and safe for fishing no refund will be issued for any guest that chooses to stay on shore. The fleet in Guatemala is comprised of modern, well-maintained sportfishing boats. Cancellations due to mechanical problems are rare. Should a mechanical problem arise, we will make every effort to arrange for a substitute boat. If we are unable to make such arrangements, you will receive a refund based upon that boat's full day charter fee.

BOAT CAPTAINS

The boat Captains that are listed on our web site are the primary Captains within our fleet. While our Captains are some of the best and most professional Captains in the world, they are still human. They typically fish 120 to 150 days a year and often work as much as 30 straight days without a day off. Occasionally due to illness or the need for an occasional day of rest, we will substitute Captains for a given vessel. We are fortunate to have many fine Captains "in the wings" and most of our First Mates themselves are also accomplished Captains with many years of experience. Also, like any business, from time to time we do have changes due to promotions or occasionally, employee turnover. These situations may also require a change of captains on certain vessels. Again, the substitution or change of Captains does not happen very often, but we do reserve the right make crew substitutions and changes when necessary.

METHOD OF PAYMENT

Visa and MasterCard are accepted with additional 3% fee that is not more than our cost to cover processing fees. ACH, Wire transfers, Zelle, personal or company checks are also accepted. Personal expenses incurred during your stay at Pacific Fins will be charged at the end of your trip. Payment may be completed in cash or via credit card, with credit card being the preferred method. Gratuities to captains, mates and staff are preferred in cash. Travel insurance is strongly recommended to protect your investment.
